Available • Used By COVID-19 Patients • Used By Non-COVID-19 Patients
Trends

• Cases are a fluctuating plateau. Last week reported 3rd highest weekly total (113/day).

• Hospital metrics are trending well.
Schools

• JCDHE School Team is working with districts on a number of positive cases - community exposure

• Partnering to conduct contact tracing

• Goals remain to keep schools open in a safe manner - will continue to monitor cases/transmission very closely
Messages

• Masks work! Wear a cloth face covering when in a community setting, especially in situations where you may be near people.

• Practice physical distancing even with face coverings.

• Avoid house parties, crowded events, bars, clubs and other indoor settings conducive for transmission.

• Stay home if sick
