The data presented below represent estimates of the taxable retail sales occurring in the month indicated.

The retail sales estimates shown below were calculated by CERI from the local sales and use tax reported by the Kansas Department of Revenue for Johnson County and the eighteen cities in the county that levy a sales/use tax. The figures shown are the latest available from the Department of Revenue. They are considered preliminary and subject to revision.

Retail sales/use tax data provided by the Department of Revenue have been found to exhibit occasional random anomalies due to reporting and/or recording delays or errors. No attempt has been made by CERI to adjust the data for these anomalies or for seasonality. Monthly figures should be interpreted as the taxable retail sales necessary to generate the local sales and use tax revenue distributed to the respective city by the Kansas Department of Revenue.
