Olathe, Kansas 66061

Re: Proposed Issuance of City of Olathe, Kansas, Industrial Revenue Bonds on behalf of Scannell Properties #634, LLC.

Members of the County Commission:

I have enclosed for your information a Notice of the Public Hearing and of Issuance of Revenue Bonds proposed by the City of Olathe, Kansas, pursuant to K.S.A. 12-1749c and K.S.A. 12-1749d, as amended. This letter and accompanying notice and cost-benefit analysis report should be forwarded to the governing body of Johnson County. The cost-benefit analysis report is updated from recently received information from the applicant.

Public notice is hereby given that the City Council of the City of Olathe, Kansas (the "City"), will conduct a public hearing on Tuesday, June 7, 2022, at 7:00 p.m., or as soon thereafter as may be heard, at Olathe City Hall, 100 East Santa Fe, Olathe, Kansas, in regard to the proposed issuance by the City of its industrial revenue bonds in an approximate principal amount of \$48,850,000 (the "Bonds") and in regard to an exemption from ad valorem taxation for property constructed or purchased with the proceeds of such Bonds.

The Bonds are proposed to be issued under authority of K.S.A. 12 1740 et seq., as amended, to provide funds for acquiring, purchasing, constructing, installing and equipping an approximately 567,840 square foot industrial facility to be located at approximately northwest corner of 159th Street & Old Highway 56 in the I-35 Logistics Park in Olathe, Kansas. The City intends to base lease the facility and further intends to lease the facility to Scannell Properties #634, LLC, a Delaware limited liability company, or its successors and assigns.

The applicant has requested a 10-year, approximately 50% property tax abatement for the property constructed or purchased with the proceeds of the Bonds. This abatement request complies with the City's tax abatement policy.

Representatives of the County are invited to attend the public hearing and offer comments about the proposed issuance of industrial revenue bonds and property tax abatement.

Please call me at (913) 971-9039 or email me at jcpage@olatheks.org if you have questions about the application.

Sincerely,

John Page,
Financial Strategy Manager

Enclosures

**NOTICE OF PUBLIC HEARING
AND OF
ISSUANCE OF INDUSTRIAL REVENUE BONDS**

Public notice is hereby given that the City Council of the City of Olathe, Kansas (the "City"), will conduct a public hearing on Tuesday, June 7, 2022, at 7:00 p.m., or as soon thereafter as may be heard, at Olathe City Hall, 100 East Santa Fe, Olathe, Kansas, in regard to the proposed issuance by the City of its industrial revenue bonds in an approximate principal amount of \$48,850,000 (the "Bonds") and in regard to an exemption from ad valorem taxation for property constructed or purchased with the proceeds of such Bonds.

The Bonds are proposed to be issued under authority of K.S.A. 12-1740 *et seq.*, as amended, to provide funds for acquiring, purchasing, constructing, installing and equipping an approximately 567,840 square foot industrial facility to be located at approximately northwest corner of 159th Street & Old Highway 56 in the I-35 Logistics Park in Olathe, Kansas. The City intends to base lease the facility and further intends to lease the facility to Scannell Properties #634, LLC, a Delaware limited liability company, or its successors and assigns.

The applicant has requested a 10-year, approximately 50% property tax abatement for the property constructed or purchased with the proceeds of the Bonds. This abatement request complies with the City's tax abatement policy.

A copy of this Notice, together with a copy of the resolution of intent of the City to be considered for adoption, indicating the intent of the governing body of the City to issue the Bonds, and a report analyzing the costs and benefits of such property tax exemption are on file in the office of the City Clerk and available for public inspection during normal business hours.

All persons having an interest in this matter will be given an opportunity to be heard at the time and place above specified.

Dated May 18, 2022.

Brenda Long
City Clerk of the City of Olathe, Kansas
100 East Santa Fe
Olathe, Kansas 66061

**A Tax Abatement Cost-Benefit Analysis of
Scannell Properties #634, LLC**

City or County where the firm is or will be located: City of Olathe
Date of Analysis: Wednesday, May 04, 2022

Description of the firm's location or expansion in the community:
 Building 2

This report includes an analysis of costs and benefits from the firm for the following taxing entities, where the firm is or will be located. These taxing entities, with the exception of a neighboring school district, if shown, are considering tax abatements or incentives for the firm:

City:	Olathe
County:	Johnson
School District:	Gardner-Edgerton Schools
A neighboring School District:	Olathe School District
Special Taxing District:	Johnson County Community Colleg
Special Taxing District:	School Mills 8
State of Kansas	

Contents of this report:

Data Used in this Analysis, if included , follows the Costs and Benefits for the State of Kansas

About this Cost-Benefit Analysis Report

This cost-benefit analysis report was prepared using the Kansas Tax Abatement Cost-Benefit Model - a computer program that analyzes economic and fiscal impact. The pages that follow, in this report, show the impact that the firm included in this analysis, the firm's employees and workers in spin-off jobs will have on the community and the state.

The economic impact over the next ten years is calculated along with the accompanying public costs and benefits for the State of Kansas and the taxing entities included in this analysis.

This analysis also shows the effect of tax abatements and incentives that may be considered for the firm

Here is how the analysis was performed:

1. Data was entered for the state and community's tax and other rates; the firm and its employees; tax abatements and other incentives being considered for the firm; construction activity; and expected visitors.

2. Using the data entered, as well as some rates built into the computer program, calculations were made of the economic impact of the firm along with the related costs and benefits.

The calculations of impact include direct, indirect and induced impact. Regional economic multipliers, specific to the firm's industry group, were used by the program to calculate the direct and induced or spin-

These are the report sections:

Summary of Costs and Benefits for all Taxing Entities This report page summarizes the costs and benefits for all taxing entities resulting from the firm and from new direct, indirect and induced jobs.

The Economic Impact that the Firm will have on the Community This report page shows the number of direct, indirect and induced jobs that will be created in the community, the number of new residents and additional school children, and increases in local personal income, retail sales, economic activity and the property tax base in the first year and over the next ten years.

Costs and Benefits for Each Taxing Entity These report pages summarize the costs and benefits for the State of Kansas and for each taxing entity as a result of the firm locating or expanding in the Kansas community.

The public benefits include additional revenues from the firm and employees for your taxing entities - - - sales taxes, property taxes, utilities, utility franchise fees, other payments by new residents, payments by the firm and additional school funding. Public costs include the additional costs of public services for new residents and the firm, costs of educating new students that move to the school district, along with tax abatements and incentives provided to the firm.

In addition to a presentation of public costs and benefits, this report also computes the present value of net benefits to be received by each taxing entity; the payback period for incentives and taxes to be abated; the rate of return on investment for each entity and cost-benefit ratios.

Present Value

The present value of the expected cash flow over the next ten years - the excess of benefits over cost - for each entity was computed. Present value is a way of expressing in today's dollars, dollars to be paid or received in the future. Today's dollar and a dollar to be received or paid at differing times in the future are not comparable because of the time value of money. The time value of money is the interest rate or each taxing entity's discount rate. The analysis uses a discount rate that is entered to make the dollars comparable--by expressing them in today's dollars or in present value.

Generally, a positive present value indicates an acceptable investment.

Payback Period

The investment payback period for each taxing entity was computed. This analysis views the financial incentives, including tax abatement, that the taxing entities are considering for the firm as an investment that the public will be making in the company. The payback period, therefore, is the number of years that it will take each taxing entity to recover the cost of incentives from the net annual benefits that they will receive. This payback period also shows the point in time where the cost and benefits are equal for the level and length of tax abatements and incentives being granted.

The payback period is a basis for judging the appropriateness of providing incentives to a firm. Generally, the shorter the payback period the better the investment.

Rate of Return on Investment

The rate of return on investment for each taxing entity was also computed. As with the computation of payback, the rate of return analysis views the incentives that each taxing entity is considering as an investment that the public will be making in the company. The rate of return, therefore, is annual rate of return, over the next ten years, on each taxing entity's investment in the firm.

Generally, a rate of return in excess of the taxing entity's cost of capital is considered desirable.

Cost-Benefit Ratio

The cost-benefit ratio for each taxing entity was also computed. This ratio compares public benefits over a ten year period from the new or expanding firm to public costs during the same period. For example, a cost-benefit ratio of 1.55 (or 1.55 to 1) shows that ten year benefits are 155 percent of public costs. Conversely, a cost-benefit ratio of .75 shows that public benefits are only 75 percent of public costs -- costs exceed benefits.

Generally, a cost-benefit ratio of 1.30 to 1 is considered acceptable for a taxing entity to grant tax abatements and other financial incentives to a firm.

Data Used in this Analysis These report pages, if included, show the data used in this cost-benefit analysis.

Summary of Costs and Benefits for all Taxing Units

Benefits:

	Sales Taxes	Property Taxes	Utilities and Utility Franchise Fees	Corporate and Personal Income Taxes	Additional School Funding	Other Revenues	Total Benefits

Local rates and constants used in the Analysis of Scannell Properties #634, LLC

City:

Olathe	City name
24.458	City mill levy
\$349,379	Average market value of new residential property in the city
1.500%	City sales tax rate
6.000%	City transient guest tax rate
\$103	Annual net revenues per household for city owned utilities
\$236	Average annual utility franchise fees collected per household
\$103	Annual revenues per resident, in addition to property, transient guest and sales taxes, utilities and utility franchise fees
\$133	The city's annual marginal cost of providing municipal services, excluding utilities, to each new resident
\$94	Annual per worker revenues for the city from businesses -- in addition to property, transient guest and sales taxes and utilities
\$121	Annual marginal cost, per worker, of providing city services, excluding utilities, to businesses

County:

Johnson	Name of county
23.4760	County mill levy
\$447,730	Average market value of new residential property in the county
1.475%	County sales tax rate
0.000%	County transient guest tax rate
\$496	The county's annual revenues per resident, excluding property; transient guest and sales taxes
\$171	The county's annual marginal cost of providing municipal services to each new resident
1.00	Regional economic multiplier adjustment for the County
\$218	Annual per worker revenues for the county from businesses -- in addition to property, transient guest and sales taxes and utilities
\$121	The county's annual marginal cost, per worker, of providing services to businesses

School District 1 -- Where the firm is or will be located

Gardner-Edgerton Schools	Name of school district
54.995	School district 1's local option mill levy
\$208,994	Average market value of new residential property in school district 1
\$12,155	School district 1's estimated marginal cost per child
\$8,816	State funding per child in school district 1
\$3,339.00	Federal and other annual funding per child in school district 1

School District 2 -- A neighboring school district where some of the firm's new employees will live

Olathe School District	Name of school district
------------------------	-------------------------

60,282	School district 2's local option mill levy
\$335,000	Average market value of new residential property in school district 2
\$12,734	School district 2's estimated marginal cost per child
\$8,361	State funding per child in school district 2
\$4,379.00	Federal and other annual funding per child in school district 2

Special Taxing District 1 -- Where the firm is or will be located:

Johnson County Community College	Special tax district 1
9.11	Special tax district 1's mill levy
\$447,730	Average market value of new residential property in special tax district 1
\$0.00	Special tax district 1's cost per resident
\$0.00	Special tax district 1's annual addl. revenues (excl prop taxes) from each new resident
\$78	The district's annual marginal cost, per worker, of providing services to businesses
\$171	Annual per worker revenues for the district from businesses -- in addition to property sales taxes and utilities

Special Taxing District 2 -- Where the firm is or will be located:

School Mills 8	Special tax district 2
8	Special tax district 2's mill levy
\$349,379	Average market value of new residential property in special tax district 2
\$0.00	Special tax district 2's cost per resident
\$0.00	Special tax district 2's annual addl. revenues (excl prop taxes) from each new resident
\$0	The district's annual marginal cost, per worker, of providing services to businesses
\$0	Annual per worker revenues for the district from businesses -- in addition to property sales taxes and utilities

State of Kansas:

1.5	State mill levy
0.065	State sales tax rate
\$508.00	State's annual marginal revenues per new resident (excl property, income and sales taxes)
\$468.00	State's annual marginal cost of providing services to each new resident
0.115	State tax classification for residential real property
0.25	State tax classification for commercial and industrial real property
0	State tax classification for commercial and industrial machinery and equipment (7 years or more life)
0.3	State tax classification for all other tangible personal property:
7	Economic life, in years for straight line depreciation of commercial and industrial machinery & equipment
0	Minimum taxable value as a percent of retail cost of commercial and industrial machinery & equipment
\$180	The state's annual marginal cost, per worker, of providing services to businesses
\$212	Annual per worker revenues for the state from businesses, excluding property, income and sales taxes
45.00%	Percent of gross salary that a typical Kansas worker spends on taxable goods and services

Personal Income Taxes:

Income >	Over	But Not Over	=	Tax	+	Tax Rate
	\$0	\$30,000		\$0		3.50%
	\$30,000	\$60,000		\$1,050		6.25%
	\$60,000			\$2,925		6.45%

Standard Deduction >	\$6,000
Allowance per: Exemption >	\$2,250

Corporate Income Taxes:

Corporate Income Tax Rate >	4.00%
Surtax Rate >	3.05%
Amount Over Which Surtax Applies >	\$50,000.00

Other Rates:

1.70%	Inflation
